Description of the golf venues

The Estonian Golf & Country Club (EGCC) comprises the 18-hole Championship Sea Course and 9-hole links-style Stone Course. EGCC was opened in 2005, is regarded as Estonia's finest golf venue and has now taken its rightful place in Golf World Magazine's prestigious Top 100 European Courses. The Sea Course with its 18 holes stretching over 7,000 yards, is a true championship golf course. Holes built among unspoiled forests reach out to the beach and to the Jägala River. Natural ponds, ancient oak trees and large pre-historic stones lining the fairways, fabulous seaview and rolling hills with difference of heights up to 40 meters make the course enjoyable. The Sea Course has hosted Omega Mission Hills World Cup European Qualifier in 2009 and 2011. PAR 72, 6462 meters. The 9-hole Stone Course lies on a limestone plain between junipers, restored stone fences and protected national heritage, where each hole has a story to tell. PAR 36, 2903 meters. In May 2015 the EGCC had the honour to host Annika Sörenstam, widely regarded as the greatest female golfer of all time, who is to design her first golf course in Europe, at EGCC. New ANNIKA® Course, as well as the 5-star hotel and spa, will be opened in 2019.

Ozo Golf Club - the first 18-hole golf course in Latvia - is one of the most technologically advanced courses in Northern Europe. It is equipped with Rain Bird watering system and quality course maintenance by John Deere. The club owner is Sandis Ozolinsh, well known Latvian ice hockey player. The course has 18 holes, with a total distance of 6400 meters from the back tees, and can surprise everyone with its variety. Denver (Colorado, USA) based designer Rob Swedberg has managed to implement the accents of his native Rocky Mountains, widely adapted the banks of the nearby Lake Kisezers, as well as formed 16 ponds and 50 sand bunkers in the course. In 2004, Ozo Golf Club was named among those 365 courses around the world which New York Times golf reporter and author of World golf courses. 365 days (Publishing House - Abrams, Harry N Inc.) Robert Sidorsky suggests visiting.

The V Golf Club is incredibly proud of 18-hole golf course. As the finest Championship Golf course in the Baltic States, golf club keeps his greens in immaculate, championship-level condition all season round. It was established in 2007. Situated among 350 acres of the resort's beautiful grounds, the 7,690 meters/ Par 72 golf course has been constructed to USGA specification greens. Its landscape of rolling hills, natural lakes and sand based fairways makes for an exciting, challenging game for every level of golfer. Designed by distinguished golf course architect Bob Hunt, its modern design combines the best elements of Scottish Links with American golf course architecture.
