DAY 3

Breakfast, "I am Latvia. Riga" tour. During this special tour you will discover another Riga – Pardaugava. This whole part of Riga is filled with cobbled or even plain unpaved streets and bursting with wooden architecture. Almost every building is breath-taking because of the surprising fact that something of this kind has been still preserved in a 21st century metropolis. It seems that you have arrived into a different place. No trace of urban crowds, of modern architecture, only the mighty silhouettes of churches behind the romantic and fine wood elements of Pardaugava remind you of the modern European Capital. Afternoon at leisure or activities of "The Latvian Centenary Celebrations", or optional activities from our offered list.

DAY 7

Breakfast, departure transfer.

"CELEBRATION OF CENTENNIAL ANNIVERSARY OF STATEHOOD AND INDEPENDENCE OF LATVIA"
